ABOUT ICW

ICW is a compliance supply chain platform enabled by testing, inspection & certification (TIC).

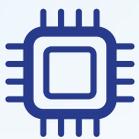

We connect global retailers and e-commerce businesses with vendors, sellers, and TIC providers to collaborate on quality and compliance processes. We utilize technology and AI to help product safety advocates automate compliance process, digitize reports, create conformity certificate, generate analytic score card and reduce prohibitive spending in supplier audit/ product testing.

Why Choose QMAS?

Comprehensive Compliance Management: Our platform offers end-to-end solutions, from supplier onboarding to compliance risk analytics, ensuring you stay ahead of regulatory demands.

AI-Driven Insights: Harness the power of artificial intelligence to automate risk assessments, digitize compliance documentation, and generate actionable insights that mitigate risks before they escalate.

Global Reach: With operations in the U.S., U.K., The Netherlands, Singapore, Hong Kong, China, and Vietnam, ICW connects retailers and manufacturers with a vast network of TIC providers, ensuring compliance on an international scale.

ICW was founded in 2016 by supply chain and compliance experts, TIC specialists, and big data engineers. Since then, ICW has grown to over 60 employees across Hong Kong, Singapore, the United States, the United Kingdom, The Netherlands, China, and Vietnam.

Proven Success

Join over 3,500 international customers, including top brands and retailers, who have transformed their compliance processes with QMAS. Our clients report up to 40% reduction in testing costs and a 50% boost in productivity.
